Hi Catherine,

I just heard of the proposed plans to build a parking lot and restaurants at Runyon Canyon and was concerned. I don't feel that this lovely park needs these alteration made to it. The park is already an incredibly popular location and the free yoga classes are a major reason this park is so well known.

Please let me know if there is any way I can help to prevent these changes from occurring. I can be contacted by replying to this email or by cell at [REDACTED].

Sincerely,

Annie Lopez-Sewell
